

Refuse Collection Guidelines

EFFECTIVE: December 17, 2012

The City's Refuse Collection Crew is asking for your help in making the weekly collection run more smoothly.

Please:

1. Have all your trash placed curbside by 8:00 am on Monday mornings.
2. If a City observed Holiday falls on Monday, trash will be picked up Tuesday.
3. Put trash in one spot, as crews will not pick up at more than one site per household.
4. Garbage containers that are larger than a 30 gallon capacity (except dumpsters) are not permitted to be picked up by our crews. City crews are not allowed to pick barrels up to empty, however they can lift tied bags out of the barrels.
5. Do not fill containers with debris which make them too heavy to be picked up by one person.
6. The City has a compost pile for grass, leaves, and garden waste such as pumpkins and cucumbers. The site is located at the old sewer plant south of the ballpark. Put items in their designated places. These items will not be picked up by city crews.
7. Only limbs will be accepted at the compost pile.
8. Recycling trailers are available near the compost pile.
9. Construction or remodeling debris will no longer be picked up by city crews. Proper disposal of items will be the owner's responsibility.
10. Appliances, furniture such as washers, dryers, water heaters, couches, chairs, tables, mattresses, box springs, barbeque grills etc. will no longer be picked up.

Your cooperation in this matter is greatly appreciated!
